The Open Campus Day participants nearly doubled

A total of 902 people visited the centers of the UdL Saturday

A total of 902 people from 301 households will participate this Saturday, April 29, in the second session of the 13th Open Campus Day for families at the University of Lleida (UDL). They are almost twice of those who took part in the first session of the course, held last March. The 55.15% of families coming from outside the province of the West.

The center will receive more visitors is the Faculty of Education, Psychology and Social Work, 216; followed by the School of Agricultural Engineering (167 divided into two shifts) and the Faculty of Medicine (153). Regarding the origin of the participants come from all over Catalonia, Huesca, Balearic Islands, Gipuzkoa, Bizkaia, Navarre, Valencia and the Principality of Andorra.

Organized by the Vice President for Student Services and Information Service University (SIAU) and the schools themselves, these campus open days aim to raise awareness of the University of Lleida and provide a first contact with the university to parents of students in secondary education Higher Level.
